

THE INDUSTRY'S FIRST SELF-SPINNING WOODEN REEL!

No jack-stand needed! The Reel Payoff® allows you to pull directly from the pallet. **When off the pallet**, the Reel Payoff® rotates within its own axis for 360-degree maneuverability; perfect for small spaces.

CUSTOMIZATION

Whether your job calls for single conductors or parallels, we can customize your Reel Payoff® using our custom colors to fit any job you come across.

UPGRADED FEATURES

- 1 Engineered **polymer spacers** placed between reel flanges prevent seizing due to moisture and allow larger reels to handle heavier weights more easily.
- 2 **Reel legs** lock inner flange in place during loading and transit. Legs also work as chocks off the pallet.

4-WAY PALLET

Pull straight from the pallet with no tools! Position our exclusive 4-way pallet in your desired location and get ready to pull!

ROLL-OFF POSITION

All Reel Payoff®s are shipped in **roll-off position**, reducing material handling costs and possible damage.

THE INDUSTRY'S FIRST SELF-SPINNING WOODEN REEL

WHY CHOOSE WOOD OVER METAL?

- Unlimited supply
- Don't pay for reels as they sit on the jobsite
- One time purchase
- Can be reused for future projects
- Weighs less and has a smaller chance of scratching finished floors

**LESS TENSION.
BETTER PULL.**

REDESIGNED WITH A TIGHTER INNER CORE, THE REEL PAYOFF® NOW PROVIDES LESS FLEXION, MORE STABILITY, AND IS ABLE TO HANDLE HEAVIER WEIGHTS MORE EASILY.
