

OUR NEWEST VERSION OF THE REEL PAYOFF®

The new, premium version is now available and is **more durable** with enhanced weatherability! Similar to the original, the Reel Payoff® Premium allows you to pull directly from the cradle pallet. When off the pallet, it rotates within its own axis for 360-degree maneuverability; perfect for small spaces. Also, there's no jack-stand needed!

SINGLE SHEET HARD WOOD

With its single sheet, hard wood design, this enhanced version of the Reel Payoff® allows for **decreased pulling tension** and is more stable overall.

UPGRADED FEATURES

- 1 The metal drum is **pre-cut** with wire-tail slots, accomodating virtually any wire size. Slots are also contained and clean, which maintains the integrity of the reel.
- 2 The Reel Payoff® Premium is designed for increased usage versus the original Reel Payoff®, which means even more pulls!*

ROLL-OFF POSITION

All Reel Payoff® Premiums are shipped in **roll-off position**, reducing material handling costs and possible damage. No need to flip the reel!

METAL BAND

Maneuvering has never been easier! With our upgraded metal band, you can easily position our Reel Payoff® Premium in your desired location and get ready to pull! The metal band also reduces moisture absorption on the reel flanges.

**Results may vary based on job specific situations or applications.*

MORE MOBILITY
PREMIUM PULLS
REEL SAVINGS

WHY CHOOSE THE NEW PREMIUM VERSION?

- Enhanced weatherability
- Increased maneuverability and durability
- Decreased set-up time
- Fits through finished 32" door way
- One time purchase from Encore Wire
- Reusable for future projects*

**MORE JOBSITE USES.
PREMIUM MATERIAL.
MORE PULLS.**

REDESIGNED WITH A METAL BAND AND SINGLE SHEET OF HARD WOOD PER FLANGE, THE REEL PAYOFF® PREMIUM NOW PROVIDES MORE STABILITY WITH LESS PULLING TENSION.
