Re: Lead/Mercury/Asbestos Free

Dear Sir or Madam:

Thank you for your inquiry. Encore Wire manufactures a broad range of electrical building wire at its sole location in McKinney, Texas.

Encore Wire Corporation is an environmentally conscious company. This letter serves as notification that Encore Wire Corporation's Wire and Cable Products, including the complete copper and aluminum building wire portfolio, do not contain any lead, mercury, or asbestos. Our wire and cable products do not exceed lead, mercury, or asbestos content of 300 ppm.

If you have any further questions, please give me a call at 800.962.9473 x1286.

Respectfully,

A handwritten signature in black ink that reads "Daniel McCaulley P.E." with a stylized flourish at the end.

Daniel McCaulley, P.E.
Director of Product Management
