

THE INDUSTRY'S FIRST SELF-SPINNING WOODEN REEL!

No jack-stand needed! The Reel Payoff allows you to pull directly from the pallet. **When off the pallet**, the Reel Payoff rotates within its own axis for 360-degree maneuverability; perfect for small spaces.

CUSTOMIZATION

Whether your job calls for single conductors or parallels, we can customize your Reel Payoff using our custom colors to fit any job you come across.

UPGRADED FEATURES

- 1 Engineered **polymer spacers** placed between reel flanges prevent seizing due to moisture and allow larger reels to handle heavier weights more easily.
- 2 **Reel legs** lock inner flange in place during loading and transit. Legs also work as chocks off the pallet.

4-WAY PALLET

Pull straight from the pallet with no tools! Position our exclusive 4-way pallet in your desired location and get ready to pull!

ROLL-OFF POSITION

All Reel Payoffs are shipped in **roll-off position**, reducing material handling costs and possible damage.

THE INDUSTRY'S
FIRST
SELF-SPINNING
WOODEN REEL

WHY CHOOSE WOOD OVER METAL?

- Unlimited supply
- Don't pay for reels as they sit on the jobsite
- One time purchase
- Can be reused for future projects
- Weighs less and has a smaller chance of scratching finished floors
