

PREFABRICATED SOLUTIONS FOR ELECTRICAL INSTALLATION

LONGER FOOTAGES. LESS FOOTPRINT.

BENEFITS:

- Complete projects faster / Decrease schedule durations
- Decrease installation time
- Increase cost savings
- Solve skilled labor shortages
- Ensure quality
- Reduce jobsite waste and wire scrap / Decrease project footprint and needed laydown areas on-site

PACKAGING OPTIONS

The Reel Payoff eliminates any need for jack stands and saves up to 70% on set up time. The Reel Payoff is shipped on our specially designed cradle pallets in roll-off position.

- Available with THHN/THWN-2, XHHW-2, USE-2, MC
- Reel Sizes 24, 30, 32, 36, 42, and 48

The re-engineered PullPro gives you an extra circuit run to help finish the job or start a new one. The shrink-wrapped inner coil allows wire to be pulled with or without the case.

- Available in THHN/THWN-2
- Sizes 14 AWG 2x1500', 12 AWG 2x1250', 10 AWG 2x750'
- Solid and Stranded

The Metal Clad Barrel Pack provides a tangle free pull without the need for additional tools. It's easy to maneuver and the cable can be paid out in a 360° radius.

- Available in 55 and 75 gallon drums
- Sizes 14 AWG through 10 AWG
- Stranded only, up to 7 conductors

BARREL PACK SINGLE CONDUCTOR

The Barrel Pack is portable and easy to setup. It serves as an instant payoff system with no special equipment or tools needed. It's easily maneuverable with any industrial dolly or cart

- Available in 55 and 75 gallon drums
- Sizes 18 AWG through 8 AWG
- Solid and Stranded

METAL CLAD BARREL PACKS

The Metal Clad Barrel Pack provides a tangle free pull without the need for additional tools. It's easy to maneuver and the cable can be paid out in a 360° radius.

- 12/2 SOL MC/AL 2750'
- 12/2 SOL MC/AL SG 2400'
- 12/2 SOL MC/AL LED 1800'
- Solid only

METAL CLAD GAYLORD BOX

With the Metal Clad Gaylord Box, there are no extra tools needed. You get longer continual runs, which means less setup, less packaging, and less scrap.

- 12/2 SOL MC/AL 6000'
- 12/3 SOL MC/AL 5000'
- 10/2 SOL MC/AL 5000'
- 10/3 SOL MC/AL 4500'
- Solid only
